More international attendance is increasing, which seems to be the trend.

What student activities?

Student Paper Contest, including Student Presentations

Any trends noted?

1) *Local 7 IEEE students attended. Actions taken on these? Wright*

State University funded these students to attend.

2) *Interest was generated in the area of Biocomputing, with the*

suggestion of organizing an IEEE Dayton Section sponsored symposium addressing the current research trends and needs.

We are thinking of having that conference in 2004.
